

This Data Processing Addendum, including its Annexes mentioned below (the "DPA"), forms part of the Master Services Agreement or any other agreement referencing the DPA (the "Agreement") between Nukipa Labs and Customer. The DPA includes the Parties' obligations with regard to the commissioned processing of personal data.

Customer enters into the DPA on behalf of itself and, to the extent required under applicable data protection Laws, in the name and on behalf of its Affiliates, if and to the extent Nukipa Labs processes personal data for which such Customer Affiliates qualify as the Controller and Nukipa Labs as Data Processor. For the purposes of the DPA only, and except where indicated otherwise, the term "Customer" shall then include Customer and its Affiliates. All capitalized terms not defined herein shall have the meaning set forth in the Agreement. In the course of providing the Services to Customer pursuant to the Agreement, Nukipa Labs may process personal data on behalf of Customer and the Parties agree to comply with the following provisions with respect to any personal data. Furthermore, the parties acknowledge and agree that the liability provision of the Agreement shall apply to the DPA with regard to both parties' liability. The DPA is based on the template Standard Contractual Clauses published by the European Commission: <https://ec.europa.eu/info/law/law-topic/data-protection/publications/standard-contractual-clauses-controllers-and-processors>

following the Commission's Implementing Decision (EU) 2021/915 of 4 June 2021: <https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX%3A32021D0915>.

The following Annexes form part of the DPA:

Annex: Standard Contractual Clauses

Annex I: List of parties

Annex II: Description of the processing

Annex III: Technical & Organisational Measures (TOM)

Annex IV: List of Sub-processors

The Parties commit to the DPA by committing to the Agreement. Finally, the Parties agree that any term not defined in the DPA shall have the meaning as defined in the Agreement.

Page 1 Nukipa Labs Data Processing Addendum (06/2026)ANNEX Standard Contractual Clauses

SECTION I

Clause 1

Purpose and scope

(a) The purpose of these Standard Contractual Clauses (the Clauses) is to ensure compliance with

Article 28(3) and (4) of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April

2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data.

(b) The controllers and processors listed in Annex I have agreed to these Clauses in order to ensure compliance with Article 28(3) and (4) of Regulation (EU) 2016/679

(c) These Clauses apply to the processing of personal data as specified in Annex II.

(d) Annexes I to IV are an integral part of the Clauses.

(e) These Clauses are without prejudice to obligations to which the controller is subject by virtue of Regulation (EU) 2016/679.

(f) These Clauses do not by themselves ensure compliance with obligations related to international transfers in accordance with Chapter V of Regulation (EU) 2016/679.

Clause 2

Invariability of the Clauses

(a) The Parties undertake not to modify the Clauses, except for adding information to the Annexes or updating information in them.

(b) This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a broader contract, or from adding other clauses or additional safeguards provided that they do not directly or

indirectly contradict the Clauses or detract from the fundamental rights or freedoms of data subjects.

Clause 3

Interpretation

(a) Where these Clauses use the terms defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.

(b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.

(c) These Clauses shall not be interpreted in a way that runs counter to the rights and obligations provided for in Regulation (EU) 2016/679 or in a way that prejudices the fundamental rights or freedoms of the data subjects.

Clause 4

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties existing at the time when these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Page 2 Nukipa Labs Data Processing Addendum (06/2026)Clause 5 Docking clause

(a) Any entity that is not a Party to these Clauses may, with the agreement of all the Parties, accede to these Clauses at any time as a controller or a processor by completing the Annexes and signing Annex I.

(b) Once the Annexes in (a) are completed and signed, the acceding entity shall be treated as a Party to these Clauses and have the rights and obligations of a controller or a processor, in accordance with its designation in Annex I.

(c) The acceding entity shall have no rights or obligations resulting from these Clauses from the period prior to becoming a Party.

SECTION II - OBLIGATIONS OF THE PARTIES

Clause 6

Description of processing(s)

The details of the processing operations, in particular the categories of personal data and the purposes of processing for which the personal data is processed on behalf of the controller, are specified in Annex II.

Clause 7

Obligations of the Parties

7.1. Instructions

(a) The processor shall process personal data only on documented instructions from the controller, unless required to do so by Union or Member State law to which the processor is subject. In this case, the processor shall inform the controller of that legal requirement before processing, unless the law prohibits this on important grounds of public interest. Subsequent instructions may also be given by the controller throughout the duration of the processing of personal data. These instructions shall always be documented.

(b) The processor shall immediately inform the controller if, in the processor's opinion, instructions given by the controller infringe Regulation (EU) 2016/679 or the applicable Union or Member State data protection provisions.

7.2. Purpose limitation

The processor shall process the personal data only for the specific purpose(s) of the processing, as set out in Annex II, unless it receives further instructions from the controller.

7.3. Duration of the processing of personal data

Processing by the processor shall only take place for the duration specified in Annex II.

7.4. Security of processing

(a) The processor shall at least implement technical and organisational measures to ensure the security of the personal data. This includes protecting the data against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to the data (personal data breach). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purposes of processing and the risks involved for the data subjects.

(b) The processor shall grant access to the personal data undergoing processing to members of its personnel

only to the extent strictly necessary for implementing, managing and monitoring of the contract. The processor shall ensure that persons authorised to process the personal data received have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

Page 3 Nukipa Labs Data Processing Addendum (06/2026)7.5.

Sensitive data

If the processing involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences ("sensitive data"), the processor shall apply specific restrictions and/or additional safeguards.

7.6. Documentation and compliance

(a) The Parties shall be able to demonstrate compliance with these Clauses.

(b) The processor shall deal promptly and adequately with inquiries from the controller about the processing of data in accordance with these Clauses.

(c) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations that are set out in these Clauses and stem directly from Regulation (EU) 2016/679. At the controller's request, the processor shall also permit and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or an audit, the controller may take into account relevant certifications held by the processor.

(d) The controller may choose to conduct the audit by itself or mandate an independent auditor. Audits may also include inspections at the premises or physical facilities of the processor and shall, where appropriate, be carried out with reasonable notice.

(e) The Parties shall make the information referred to in this Clause, including the results of any audits, available to the competent supervisory authority/ies on request.

7.7. Use of sub-processors

(a) GENERAL WRITTEN AUTHORISATION: The processor has the controller's general authorisation for the engagement of sub-processors from an agreed list. The processor shall specifically inform in writing the controller of any intended changes of that list through the addition or replacement of sub-processors at least two months in advance, thereby giving the controller sufficient time to be able to object to such changes prior to the engagement of the concerned sub-processor(s). The processor shall provide the controller with the information necessary to enable the controller to exercise the right to object.

(b) Where the processor engages a sub-processor for carrying out specific processing activities (on behalf of the controller), it shall do so by way of a contract which imposes on the sub-processor, in substance, the same data protection obligations as the ones imposed on the data processor in accordance with these Clauses. The processor shall ensure that the sub-processor complies with the obligations to which the processor is subject pursuant to these Clauses and to Regulation (EU) 2016/679.

(c) At the controller's request, the processor shall provide a copy of such a sub-processor agreement and any subsequent amendments to the controller. To the extent necessary to protect business secrets or other confidential information, including personal data, the processor may redact the text of the agreement prior to sharing the copy.

(d) The processor shall remain fully responsible to the controller for the performance of the sub-processor's obligations in accordance with its contract with the processor. The processor shall notify the controller of any failure by the sub-processor to fulfil its contractual obligations.

(e) The processor shall agree a third party beneficiary clause with the sub-processor whereby - in the event the processor has factually disappeared, ceased to exist in law or has become insolvent - the controller shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

7.8. International transfers

(a) Any transfer of data to a third country or an international organisation by the processor shall be done only on the basis of documented instructions from the controller or in order to fulfil a specific requirement under Union or Member State law to which the processor is subject and shall take place in compliance with Chapter V of Regulation (EU) 2016/679 or Regulation (EU) 2018/1725.

(b) The controller agrees that where the processor engages a sub-processor in accordance with Clause 7.7. for carrying out specific processing activities (on behalf of the controller) and those processing activities involve a transfer of personal data within the meaning of Chapter V of Regulation (EU) 2016/679, the processor and the sub-processor can ensure compliance with Chapter V of Regulation (EU) 2016/679 by using standard contractual clauses adopted by the Commission in accordance with Article 46(2) of Regulation (EU)

Page 4 Nukipa Labs Data Processing Addendum (06/2026)2016/679, provided the conditions for the use of those standard contractual clauses are met.

Clause 8

Assistance to the controller

(a) The processor shall promptly notify the controller of any request it has received from the data subject. It shall not respond to the request itself, unless authorised to do so by the controller.

(b) The processor shall assist the controller in fulfilling its obligations to respond to data subjects' requests to exercise their rights, taking into account the nature of the processing. In fulfilling its obligations in accordance with (a) and (b), the processor shall comply with the controller's instructions

(c) In addition to the processor's obligation to assist the controller pursuant to Clause 8(b), the processor shall furthermore assist the controller in ensuring compliance with the following obligations, taking into account the nature of the data processing and the information available to the processor:

(1) the obligation to carry out an assessment of the impact of the envisaged processing operations on the protection of personal data (a 'data protection impact assessment') where a type of processing is likely to result in a high risk to the rights and freedoms of natural persons;

(2) the obligation to consult the competent supervisory authority/ies prior to processing where a data protection impact assessment indicates that the processing would result in a high risk in the absence

of measures taken by the controller to mitigate the risk;

(3) the obligation to ensure that personal data is accurate and up to date, by informing the controller without delay if the processor becomes aware that the personal data it is processing is inaccurate or has become outdated;

(4) the obligations in Article 32 Regulation (EU) 2016/679.

(d) The Parties shall set out in appropriate technical and organisational measures by which the processor is required to assist the controller in the application of this Clause as well as the scope and the extent of the assistance required.

Clause 9

Notification of personal data breach

In the event of a personal data breach, the processor shall cooperate with and assist the controller for the controller to comply with its obligations under Articles 33 and 34 of Regulation (EU) 2016/679, where applicable, taking into account the nature of processing and the information available to the processor.

9.1. Data breach concerning data processed by the controller

In the event of a personal data breach concerning data processed by the controller, the processor shall assist the controller:

(a) in notifying the personal data breach to the competent supervisory authority/ies, without undue delay after the controller has become aware of it, where relevant/(unless the personal data breach is unlikely to result in a risk to the rights and freedoms of natural persons);

(b) in obtaining the following information which, pursuant to Article 33(3) of Regulation (EU)

2016/679, shall be stated in the controller's notification, and must at least include:

(1) the nature of the personal data including where possible, the categories and approximate number

of data subjects concerned and the categories and approximate number of personal data records concerned;

(2) the likely consequences of the personal data breach;

(3) the measures taken or proposed to be taken by the controller to address the personal data breach,

including, where appropriate, measures to mitigate its possible adverse effects. Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

Page 5 Nukipa Labs Data Processing Addendum (06/2026)(c) in complying, pursuant to Article 34 of Regulation (EU) 2016/679, with the obligation to communicate without undue delay the personal data breach to the data subject, when the personal data breach is likely to result in a high risk to the rights and freedoms of natural persons.

9.2. Data breach concerning data processed by the processor

In the event of a personal data breach concerning data processed by the processor, the processor shall notify the controller without undue delay after the processor having become aware of the breach. Such notification shall contain, at least:

(a) a description of the nature of the breach (including, where possible, the categories and approximate number of data subjects and data records concerned);

(b) the details of a contact point where more information concerning the personal data breach can be obtained;

(c) its likely consequences and the measures taken or proposed to be taken to address the breach, including to mitigate its possible adverse effects.

Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

The Parties shall set out all other elements to be provided by the processor when assisting the controller in the compliance with the controller's obligations under Articles 33 and 34 of Regulation (EU) 2016/679.

SECTION III - FINAL PROVISIONS

Clause 10

Non-compliance with the Clauses and termination

(a) Without prejudice to any provisions of Regulation (EU) 2016/679, in the event that the processor is in breach of its obligations under these Clauses, the controller may instruct the processor to suspend the processing of personal data until the latter complies with these Clauses or the contract is terminated. The processor shall promptly inform the controller in case it is unable to comply with these Clauses, for whatever reason.

(b) The controller shall be entitled to terminate the contract insofar as it concerns processing of personal data in accordance with these Clauses if:

(1) the processing of personal data by the processor has been suspended by the controller pursuant to point (a) and if compliance with these Clauses is not restored within a reasonable time and in any

event within one month following suspension;

(2) the processor is in substantial or persistent breach of these Clauses or its obligations under Regulation (EU) 2016/679;

(3) the processor fails to comply with a binding decision of a competent court or the competent supervisory authority/ies regarding its obligations pursuant to these Clauses or to Regulation (EU) 2016/679.

(c) The processor shall be entitled to terminate the contract insofar as it concerns processing of personal data under these Clauses where, after having informed the controller that its instructions infringe applicable legal requirements in accordance with Clause 7.1 (b), the controller insists on compliance with the instructions.

(d) Following termination of the contract, the processor shall, at the choice of the controller, delete all personal data processed on behalf of the controller and certify to the controller that it has done so, or, return all the

personal data to the controller and delete existing copies unless Union or Member State law requires storage of the personal data. Until the data is deleted or returned, the processor shall continue to ensure compliance with these Clauses.

Page 6 Nukipa Labs Data Processing Addendum (06/2026)ANNEX I: LIST OF PARTIES

Controller(s):

See signed Proposal or Order agreed between the parties or online purchase order confirmation.

Processor(s):

See signed Proposal or Order agreed between the parties or online purchase order confirmation.

ANNEX II: DESCRIPTION OF THE PROCESSING

Categories of data subjects whose personal data is processed

End users of the Services, in particular the employees of the controller as well as contractors, consultants and other individuals having access to the Services based on controller's services contract with the processor.

Categories of personal data processed

The following data processed by processor:

- First and last name
- Email address
- Optional: Picture, job title, department and name of manager
- Other personal data potentially entered by end users of the Services into the Services

Sensitive data processed (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

None.

Nature of the processing

The nature of the processing is the performance of the Services pursuant to the Agreement between controller and processor.

Purpose(s) for which the personal data is processed on behalf of the controller

The processor will process personal data as necessary to perform the Services pursuant to the Agreement and as further instructed by controller in its use of the Services.

Page 7 Nukipa Labs Data Processing Addendum (06/2026)Duration of the processing

The processor will process personal data for the duration of the Agreement, unless otherwise agreed upon in writing.

ANNEX III: Technical & Organisational Measures (TOM)

Pseudonymisation & encryption: data is encrypted in transit and at rest.

Confidentiality, integrity, availability & resilience: data is protected via two factor authentication from employees.

Restoring availability after an incident: Personal data is hosted on Supabase and AWS infrastructure, which provides automated daily backups; data can be restored via the hosting provider's backup and point-in-time recovery mechanisms

Regular testing & evaluation of the measures: vulnerability scanning and automated pentesting on regular basis.

User identification & authorisation: SSO, MFA, role based access.

Protection during transmission: encryption of data in transit.

Protection during storage: encryption of data at rest

Physical security no physical access possible to servers, as hosted in Supabase / AWS.

Event logging audit logging for 30 days.

System configuration / hardening: automatic patching on vulnerability reports.

IT security governance: cyber security training for employees at onboarding.

Certifications / assurance: only using certified subprocessors.

Data minimisation, quality, limited retention, accountability, portability & erasure: retention of data that are only necessary to fulfill the specified scope.

Measures imposed on sub-processors: only using certified subprocessors.

ANNEX IV: LIST OF SUB-PROCESSORS

The Controller authorises the engagement of the following sub-processors. The Processor shall inform the Controller of any intended addition or replacement of a sub-processor in accordance with Clause 7.7, giving the Controller the opportunity to object.

Sub-processor (legal entity)	Location	Purpose	Where data is processed	Transfer safeguard
Supabase, Inc.	USA	Database, authentication and storage (core backend)	EU region (Frankfurt) where selected	EU Standard Contractual Clauses (Supabase DPA)
Amazon Web Services EMEA SARL	Luxembourg (EU)	Cloud hosting / infrastructure	EU region (Frankfurt / Ireland)	Data hosted in EU; EU SCCs (AWS DPA) for any support access
Anthropic, PBC	USA	AI text generation (Claude API)	USA	EU Standard Contractual Clauses (Anthropic DPA)
OpenAI Ireland Ltd	Ireland (EU) / USA	AI text generation	USA	EU Standard Contractual Clauses (OpenAI DPA)
Google Ireland Limited	Ireland (EU)	Productivity tools (Google Workspace) and AI assistance (Gemini)	EU / USA	EU Standard Contractual Clauses (Google Workspace DPA)
Attio Limited	United Kingdom	CRM / contact management	UK / EU	UK adequacy decision; SCCs for any onward US sub-processing
